3. Enter Your Campaign Name & Click Continue.

The screenshot shows the Facebook campaign setup interface for a Traffic campaign. At the top, there is a blue circular icon with a mouse cursor. Below it, the word "Traffic" is displayed in a large, bold font. A descriptive sentence reads: "Send more people to a destination on or off Facebook such as a website, app or Messenger conversation." There is an unchecked checkbox for "Create Split Test: Use this ad campaign to test creative, placement, audience, and delivery optimization" with a "NEW" badge and an information icon. Below this, the "Campaign Name" field is highlighted with a blue border and contains the text "Traffic Example Setup". To the right of the field is a blue "Continue" button. A red curved arrow points from the "Continue" button towards the right side of the screen.

4. Name Your Adset For Reference & Choose Your Target Audience

Audience

Custom Audiences: Leave Blank Unless You WANT To Retarget Previous Visitors)

Locations: Norway, Denmark, United Kingdom, Switzerland, Finland, Sweden, Ireland, France, Germany, Austria, Belgium, Italy, Portugal, Estonia, Hong Kong, Israel, United States, Saudi Arabia, Canada, Hong Kong. Singapore, Australia.

Age: 30 - 65 (This can vary depending on your niche. It's able a good idea to create difference age brackets and test the results. (Ex 30 - 39 / 40 - 49 / 50 - 59 / 59 - 65+)

Gender: Leave on all. (Again if you wish you can create one targeting males and another females depending on what you are selling.

Languages: English (All)

Detailed Targeting: Here we choose interests that are similar to our product or brand.

For this example we'll type in Email Marketing

The screenshot displays the Facebook Audience Targeting interface. On the left, a map shows 20 locations added in Europe, with a red arrow pointing to the 'Potential Reach: 450,000 people' box in the summary panel. The summary panel includes a 'Create a Lookalike Audience' button, an 'Audience Size' gauge (labeled 'Your audience selection is fairly broad.'), and 'Estimated Daily Results' for Reach (420 - 2,000). Below the map, targeting filters are visible: Age (30 - 60), Gender (All, Men, Women), and Languages (English (All)).

IMPORTANT TO NOTE: Notice the potential reach of 450,000. If we change anything from age, location, interests, gender. This number will automatically change. For this example we want to narrow down this audience more.

Notice the image below I clicked Narrow Further and entered Facebook Page Admin. The potential reach is now 270,000. Generally I use audiences sizes between 50,000 & 300,000.
